

IOAS Memo - CFIA notice to accredited Certification Bodies on when and how to verify compliance when on-site inspections are not possible.

CFIA has issued a new Notice on when and how to verify compliance to COR when on-site inspections are not possible. CFIA ask that we share this with you immediately and that you inform your clients where appropriate as soon as possible.

Please see the document in the following link:

[Notice to the Canadian Food Inspection Agency \(CFIA\) accredited Certification Bodies on when and how to verify compliance when on-site inspections are not possible - Canadian Food Inspection Agency \(canada.ca\)](#)
